

VinPol™ PI190

Impact Copolymer Polypropylene

Melt Flow: 19

Density: 0.90

VINPOL PI190 is a medium impact strength copolymer polypropylene resin with easy mold flow, good physical property balance and dimensional stability. Its stiffness/impact balance make it suitable for injection molding applications such as crates, bins and small appliances. This product meets all requirements of the U.S. Food and Drug Administration as specified in 21 CFR 177.1520, covering safe use of polyolefin articles intended for direct food contact.
